VERITAS™

PRODUCT USE RIGHTS DOCUMENT FOR VERITAS NETBACKUP APPLIANCE SOFTWARE

This Product Use Rights Document ("Document") contains additional terms and conditions (the "Product Use Rights") for the Licensed Software licensed under the Veritas Software License Agreement ("License Agreement") between You as the individual, the company, or the legal entity that will be utilizing the Licensed Software (referenced below as "You" or "Your") and Veritas Technologies LLC. Capitalized terms used in this Document but not defined herein will have the meaning given in the License Agreement. To the extent there is a conflict between the terms and conditions of the License Agreement and this Document, the terms and conditions of this Document will take precedence. BY DOWNLOADING, INSTALLING OR USING THE LICENSED SOFTWARE, YOU AGREE TO COMPLY WITH THE PRODUCT USE RIGHTS IN THIS DOCUMENT, IN ADDITION TO THE TERMS AND CONDITIONS OF THE LICENSE AGREEMENT. IF YOU DO NOT AGREE TO THE PRODUCT USE RIGHTS APPLICABLE TO THE LICENSED SOFTWARE, DO NOT DOWNLOAD, INSTALL OR USE THE LICENSED SOFTWARE.

For purposes of this Document, the Licensed Software is NetBackup Appliance Software.

1. ADDITIONAL DEFINITIONS.

1.1 "**Node**" means a physical individual computer, acting as a service or resource provider to client computers by sharing the resources within the network infrastructure.

1.2 "**Tebibyte**" **or** "**TiB**" is defined as the total aggregate amount of uncompressed data storage capacity that is managed by the software. One Tebibyte is equal to 2^{40} or 1,099,511,627,776 bytes of data.

1.3 "**Terabyte**" **or** "**TB**" is defined as the total aggregate amount of uncompressed data storage capacity and/or computer memory that is managed by the software. One Terabyte is equal to 10^{12} bytes, or 1,000 Gigabytes or 0.90949470177293 Tebibytes of data.

Usable storage capacities TiB to TB Conversions
120TiB (132TB)
240TiB (264TB)
360TiB (396TB)
480TiB (528TB)
600TiB (660TB)
720TiB (792TB)

For purposes of defining useable storage capacity, which is calculated based on TiB, note the conversion table above. For example, a license entitlement of 240 equals to actual useable storage capacity of 264 TB.

The Licensed Software is licensed using integer values. The calculated number of bytes may yield a value that requires rounding to be performed in order to present an integer number. In such cases, Veritas will round down to the nearest whole number. For example, when converting from 700TB, this equals to 636.64629TiB, and You are required to purchase 636 units of Licensed Software.

2. ADDITIONAL USE RIGHTS AND LIMITATIONS.

2.1 **General Rights**. You may use the number of licensed Terabytes of the Licensed Software per the terms contained in the License Agreement and according to the Use Level limitations specified in the License Instrument for the licenses which You have purchased in accordance with the terms of this Section.

VERITAS™

2.2. **Term of License; License Use**. The Licensed Software is licensed either on a perpetual basis or term subscription basis.

2.2.1. If the Licensed Software is licensed to You on a perpetual basis, as indicated on the applicable License Instrument, the Licensed Software must only be used with the specific Node on which the Licensed Software is originally pre-loaded or pre-installed and Your license to the Licensed Software shall terminate at the end of the life of that specific Node. Use of the Licensed Software on additional, different, or subsequent Nodes requires Veritas authorization, provided in its sole discretion.

2.2.2 If the License Software is licensed to You on a term license or subscription basis, as indicated on the applicable License Instrument, then during the term of the subscription license, Your license is portable between Nodes, provided however, deployment of the Licensed Software is only permitted on a successive and not concurrent basis between Nodes. Accordingly, the Licensed Software must be uninstalled from, and no longer used on, any Node on which the Licensed Software was previously installed before use on a subsequent Node. Use of the Licensed Software on any other Nodes requires Veritas authorization, provided in its sole discretion.

3. **AMENDED LICENSE RESTRICTION**. Section 3 of the License Agreement is amended to include the following:
"You may not use the Licensed Software, Documentation, or user information accompanying the Licensed Software to assist, directly or indirectly, in the development or design of any computer hardware or software program including, but not limited to, a program that provides or is intended to provide or include a similar feature or functionality as the Licensed Software, or any conversion utility or aid relating to the Licensed Software intended to enable or facilitate a user's conversion from the use of the Licensed Software to an alternative program."

4. **ADDITIONAL TERMS AND CONDITIONS FOR VERITAS NETBACKUP SOFTWARE**. If the Licensed Software contains the Veritas NetBackup Software ("NetBackup") product, Your use of NetBackup is subject to the License Instrument for the NetBackup license You have acquired from Veritas, and the applicable Veritas Software License Agreement and Product Use Rights Supplemental as set forth at https://www.veritas.com/about/legal/license-agreements.

5. **ADDITIONAL TERMS AND CONDITIONS FOR SYMANTEC® DATA CENTER SECURITY SOFTWARE.** If the Licensed Software contains the Symantec Data Center Security ("SDCS") product, Your use of SDCS is subject to the terms and conditions below in addition to those stated above.

6. **Veritas Appliance:** For purposes of this License Agreement, if SDCS is included in the Licensed Software, You may only use SDCS as made available by Veritas as part of the Licensed Software to support Hardware on which the Licensed Software is installed and to monitor such Hardware for security issues. Further, as long You have validly and separately licensed the SDCS product for a separate management server, You shall have the right to use the SDCS product included with the Appliance to manage the system protection policies for such Appliance through the separately licensed SDCS management server.

7. **ADDITIONAL TERMS AND CONDITIONS FOR INFOSCALE SOFTWARE.** If the Licensed Software contains the Infoscale product, Your use of Infoscale is subject to the terms and conditions below in addition to those stated above.

8. **Veritas Appliance:** For purposes of this License Agreement, if Infoscale is included in the Licensed Software, You may only use Infoscale as made available by Veritas as part of the Licensed Software to support Hardware on which the Licensed Software is installed.

9. **USE OF RED HAT ENTERPRISE LINUX**: The Licensed Software includes Red Hat Enterprise Linux software, which is licensed by Red Hat, Inc. Your use of the Red Hat Enterprise Linux component, including updates

thereto, is subject to the applicable Red Hat End User License Agreement terms located at: www.redhat.com/licenses/eulas.
