Engage with our experts and your peers in other industries during interactive learning sessions with hands-on labs and exercises that improve your data security and management strategies and optimize your use of Cohesity.	Maximize your enterprise's investment by choosing private, dedicated sessions. Learn from our experts as you and your peers. Focus on the skills, labs, and knowledge your organization needs to succeed in data security and management with Cohesity. This private, and hands-on training is delivered virtually or at your chosen location, dedicated to your team.

Grow your resume with certifications

Cohesity Academy empowers you to demonstrate your knowledge and achieve valuable recognition. Professional proctors administer certification exams that prove you have experience and are capable with Cohesity data security and management. We recommend six months of practical Cohesity experience to increase your chances of success in the certification exam. It's recommended to start with associate-level certification exams and then progress to more advanced ones.

Showcase your knowledge and skills

After completing courses and earning Cohesity Academy certifications, you'll receive digital badges. These badges can be shared on social networks to showcase your achievements. They enhance your value within your organization and highlight your credentials in the industry. Our continuous development path supports your evolving interests and responsibilities. Showcase your progress with Cohesity Academy badges.

Boost your business differentiation and your resume with Cohesity Academy.
